99-01.3-03-01. Accounting records and system of internal control.

1. An organization shall retain purchase invoices, receipts, accounting and bank records, including receipts documenting eligible uses and solicitations for net proceeds, for three years from the end of the quarter in which the activity was reported, unless otherwise provided by rule.
2. A governing board of the organization shall establish a written system of internal control, comprised of accounting and administrative controls. An organization may not permit any unauthorized person as determined by the governing board from reviewing this system. If the attorney general determines that a system of internal control is inadequate, an organization shall address the inadequacy. This subsection does not apply to an organization that has gross proceeds of twenty-five thousand dollars or less, only conducts a calcutta, raffle, sports pool, paddlewheel described by subsection 1 of section 99-01.3-11-01, or poker, or is involved only in conducting no more than two events during a fiscal year of July first through June thirtieth and each event lasts no more than fourteen calendar days.
3. Accounting controls must include procedures and records that achieve these objectives:
 - a. Transactions are executed as authorized by management;
 - b. Gaming activity is properly recorded;
 - c. Access to cash, games, and other assets is permitted as authorized by management; and

- d. Assets recorded on records are periodically compared to actual assets and any differences are resolved.
4. Administrative controls must describe the interrelationship of employee functions and their division of responsibilities.

99-01.3-03-02. Gaming account.

1. An organization shall maintain all gaming accounts at financial institutions located in North Dakota. Except as provided by subsection 3, these accounts must be used for depositing gaming funds and transferring net proceeds to a trust account. Transfers must be made by the last day of the quarter following the quarter in which the net proceeds were earned. The amount transferred must be for an amount equal to or greater than the adjusted gross proceeds, less gaming and excise taxes, and less the greater of actual or allowable gaming expenses for the quarter. The gaming account may be used for payment of expenses. An organization may transfer funds to its general account for payment of expenses. If an organization is not required to maintain a trust account, a disbursement of net proceeds to an eligible use must be payable to the ultimate use or recipient. A payment may be made by electronic transfer.
2. Interest earned is other income. A service fee is an expense.
3. Except to reimburse the account as required by section 99-01.3-03-05, and to deposit raffle nongaming funds, bingo dauber receipts, fees from players who use bingo card marking devices, prizes paid by an insurance company to an organization for payment to a player, and sales tax, the organization may not deposit nongaming funds into a gaming account unless approved by the attorney general.
4. If an organization buys a qualifying item of video surveillance equipment according to subsection 2 of section 99-01.3-08-04 and later sells or rents the item, it shall make a record of the transaction, deposit the gross receipts or rental income directly into its gaming account, and make a proper adjustment on the tax return.

99-01.3-03-03. Trust account.

1. An organization shall maintain all trust accounts at financial institutions located in North Dakota. If an organization only conducts a calcutta, raffle, sports pool, paddlewheel described by subsection 1 of section 99-01.3-11-01, or poker or a combination of these games, or is involved in conducting no more than two events during a fiscal year and each event lasts no more than fourteen calendar days, an organization is not required to maintain a separate trust account and may use the gaming account for the disbursement of eligible uses. Trust accounts are used only to disburse net proceeds to eligible uses and must receive only funds from a gaming account, except to reimburse the account as required by section 99-01.3-03-05 and as provided by subsection 13 of section 99-01.3-14-01. A transfer of net proceeds to another trust account or to a closely related organization is not a disbursement of net proceeds. Net proceeds cannot be pledged as collateral for any loan.
2. An organization shall disburse net proceeds within a reasonable period.
3. An organization may not transfer funds from a trust account to any other bank account, except for transferring funds to another trust account or to reimburse its general account for compensation that qualifies as an eligible use. A disbursement must be payable directly to the ultimate use or recipient. However, an organization may make a payment directly to a credit card company for charges on a credit card provided that an organization can identify purchases that qualify as an eligible use from other purchases. A reimbursement must be documented by a supporting schedule. A payment may be made by electronic transfer.
4. If an organization invests net proceeds in a certificate of deposit, bond, stock, mutual fund, or other marketable securities, all income earned, including interest, dividends, and capital gains, must be reported each quarter as an adjustment on a tax return and be disbursed to an eligible use. An actual loss on an investment may not be deducted on a tax return. A service fee is an adjustment to the account's balance.
5. For reporting purposes, an organization may elect to report the gain in market value of the accounts outlined in subsection 4. Adjustments can be made for decreases in market value; however, such decreases cannot reduce the account's value below its adjusted basis. Electing to report securities at market value must be consistently applied each quarter.

99-01.3-03-04. Restrictions and requirements.

1. An organization is allowed an expense according to subsection 2 of North Dakota Century Code section 53-06.1-11 and an additional expense for qualifying items of security and video surveillance equipment prescribed by subsection 2 of section 99-01.3-08-04. The allowable expense amount may be used for any purpose that does not violate the gaming law or rules.
2. An organization may not base an employee's compensation on a participatory percentage of gross proceeds, adjusted gross proceeds, or net proceeds. An organization may pay a fixed bonus through an incentive program.
3. An organization may not pay or reimburse, nor may a lessor accept a payment or reimbursement from an organization, for any media advertising done by the lessor or any other person that is related to games at a site unless the organization's share of this expense is prorated to the benefit the organization receives and the media advertising is voluntary by the organization.
4. An organization may not pay or reimburse a lessor or share in the cost, nor may a lessor accept a payment, reimbursement, or sharing of the cost from an organization, of any sign advertising related to games at a site unless the sign is not owned by the lessor. If a lessor rents an advertising sign from a vendor, the organization's share of this expense must be prorated to the benefit the organization receives and the sign advertising is voluntary to the organization.
5. A player's uncollectible check is an expense. If an organization establishes a policy to reduce a player's cash prize by the amount of the player's uncollectible check and award the player the difference, if any, the organization shall disclose or make available to players that policy.
6. If a door prize is awarded as a promotion of games, the cost of the door prize is an expense.
7. A net cash short is an expense and a net cash long is other income for a quarter.
8. Only an unopened pull tab, unopened set of stapled jar tickets, or set of banded jar tickets that has the band intact may be accounted for as unsold or defective when a game is reported on a tax return. An organization shall account for any single unsold or defective jar ticket at a proportional selling price of a stapled set of jar tickets.
9. If foreign currency is exchanged into United States currency, any loss is an expense.

10. The attorney general shall determine whether a theft of an organization's gaming funds can be deducted toward adjusted gross proceeds on its tax return and notify the organization. The attorney general shall consider whether the organization:
 - a. Immediately reported the theft to a local law enforcement agency and the attorney general;
 - b. Has documentation that substantiates the theft amount;
 - c. Had physical security of the funds;
 - d. Has an adequate system of internal control; and
 - e. Incurred an identifiable theft.
11. If an organization rents out gaming equipment, the income is nongaming income.
12. All accounting records must be completed and initialed or signed with a nonerasable ink pen. An organization shall maintain a register of each employee's name and the employee's initials or signature as the employee normally writes them on a record or report. The initials or signature of a person on a record or report attests that to the person's best knowledge the information is true and correct.
13. A fee charged a player to enter a twenty-one or poker tournament, less the cost of a prize, must be reported as other income.
14. For computing prizes on a tax return, a merchandise prize and a gift certificate are valued at an organization's actual cost, including sales tax, and a donated prize is valued at zero.
15. If a raffle, sports pool, or calcutta prize is forfeited and has previously been reported on a tax return, an organization shall report the prize as other income.
16. When a deal of pull tabs, deal of bingo cards involving a dispensing device, club special, tip board, seal board, prize board, sports-pool board, calcutta board, or a series of paddlewheel ticket cards is placed in play, an employee shall compare the game serial number on the pull tab, bingo card, board, or card to the serial number on the state gaming stamp. If the two serial numbers are different, an employee shall immediately notify the distributor and complete a form prescribed by the attorney general.
17. If an organization pays a fee to an insurance company to insure a contingency cash or merchandise prize for bingo or a raffle, the fee is

an expense. If the insurance company pays or provides a prize to a winning player, it is not reported as a prize on a tax return.

18. If an organization conducts twenty-one, it may pay monthly rent for more than one table provided that, for each additional table, the table is used at least thirteen times a quarter. This level of activity is based on a site's historical experience, or seasonal activity, of each of the previous four quarters, regardless of which organization conducted twenty-one at the site. For a new site or a site that has been completely remodeled in appearance and function, the level of activity must be reviewed and or reestablished after the first full quarter. If an additional table is used at least thirteen times in at least one but not all of the previous four quarters, the allowable monthly rent for that table must be prorated over all the active months of the licensing year. For example, if a second table was used at least thirteen times in only two of the previous four quarters, the additional monthly rent for the second table would be a maximum of two hundred dollars per month (or three hundred dollars per month if a wager greater than five dollars is accepted on the table) multiplied by six months (totaling one thousand two hundred dollars) and prorated to one hundred dollars per month for the licensing year.
19. If an organization does not intend to reapply for a license for the next fiscal year, its license is revoked or suspended for a period of more than six months, or its license application is denied, and it has net proceeds that are not disbursed, the organization shall file an action plan with the attorney general. The plan must be filed within thirty days of the expiration of the license or when the license is relinquished, revoked, suspended, or the license application is denied, and include a planned timetable for disbursing all the net proceeds and anticipated uses.

If the action plan is not timely filed, net proceeds must be disbursed within ninety days of the expiration of the license or when the license is relinquished, revoked, suspended, or the license application is denied. The disbursement must be reported to the attorney general.

99-01.3-03-05. Reconciliation of net proceeds and trust account carryovers. If an organization's gaming account check register balance is less than its net proceeds carryover balance or its trust account check register balance is less than its trust account carryover balance, or both, as reported on the tax return for the quarter ended December thirty-first, the organization shall deposit the amount of the difference in the respective account by January thirty-first or an extended date approved by the attorney general. The source of the deposit

must be nongaming funds. An organization shall provide the attorney general with evidence of the deposit.

However, the cash banks for twenty-one, and paddlewheel activity described by subsection 2 of section 99-01.3-11-01, may be combined and the cash banks for pull tab games at a site may be combined, if approved by the attorney general. If an employee needs to establish or replenish a cash bank by withdrawing funds from the gaming account, the employee shall execute a withdrawal by check or other withdrawal method and reference the specific game's name, other game type, or the combined cash bank. If a cash bank needs replenishment and another specific game or other game type's cash bank, cash reserve bank, or other funds from nongaming sources are used, an IOU form must be used to record the loan and payback. An IOU form must include:
 - a. The source and destination of the funds;

 - c. Amount and date of loan and repayment; and
 - d. Initials of a cash bank cashier or an employee for each transaction.
2. An organization shall document each game's daily starting and ending cash on hand, including a cash reserve bank. Unless there is only one employee on duty when a site opens or closes, two persons shall participate in the cash count in the presence of each other. After completing and documenting the cash count, both persons shall initial the record.
3. An organization shall document the daily starting and ending chip banks for casino and betting chips including, on the date of a poker event, no-value poker chips. The chip banks for twenty-one, and paddlewheel activity described by subsection 2 of section 99-01.3-11-01, may be combined. Unless there is only one employee on duty when a site opens or closes, two persons shall participate in the count of the chips in the presence of each other and record the count by denomination of chip

or color of no-value chips. After completing and documenting the chip count, both persons shall initial the record.

A supporting schedule must reconcile to a validated bank deposit slip or receipt. A validated bank deposit slip or receipt and any supporting schedule must be included with the accounting records. If a bank does not return a validated bank deposit slip that contains information required by subsection 2, an organization shall prepare a duplicate deposit slip, make a copy of it, or prepare a supporting schedule that reconciles to the bank deposit amount.
4. For a bank deposit, a person shall record the amount to be deposited on the game's accounting record and retain the copy of a two-part bank deposit slip and any supporting schedule. This person shall forward the accounting record, copy of the bank deposit slip, and any supporting schedule to a bookkeeper. A second person shall take custody of the bank deposit funds and the original of the bank deposit slip and take them to a financial institution or arrange for the funds to be deposited. If, before the bank deposit is made, the custody of bank deposit funds is transferred from a person to another person, face-to-face, and the cash is accessible to be counted, both persons shall participate in a count of the cash in the presence of each other and resolve any difference. After completing and documenting the cash count, both persons shall initial and date the record. The person who makes the bank deposit shall forward a validated bank deposit slip or receipt to a bookkeeper. An organization shall comply with this rule unless it uses another bank deposit procedure which has proper accounting control.

The employee shall document the verification by initialing the accounting record and dating it. If more than one deposit amount is recorded on an accounting record, the

employee shall initial the record for each verified deposit amount and date the record.

7. A closed game or daily activity must be audited, within a reasonable time, by a person who did not conduct the game and who did not have sole access to the total receipts or cash profit for the game's or day's activity. This person may not have sole signatory authority of the gaming account. A person who audits a closed game or daily activity shall verify the number and value of unsold chances, gross proceeds, number and value of prizes, adjusted gross proceeds, and cash profit. A tax return and payment of tax for a quarter must be postmarked or hand-delivered by the last day of the month following the end of the quarter. However, if the last day of the month is a Saturday, Sunday, or holiday, the due date is the first following business day. An extension for filing a tax return may be granted for good cause, with approval of the attorney general, by filing a written request explaining the reason. A request must be postmarked or hand-delivered by the due date of a tax return.
2. An incomplete tax return will not be considered timely filed unless it is correctly completed and returned by the due date or an approved extended date. A tax return is incomplete if information is missing or misrepresented, it is not properly signed, instructions are not followed, current schedules are not used, or required documentation is not provided.
3. An organization shall file a quarterly tax return on its original due date, even though payment of the entire tax due cannot be paid, to minimize the interest and penalty assessed. An explanation, including the anticipated payment date, must accompany a tax return received from an organization to be considered for an installment pay plan. The

attorney general may for good cause allow an organization to make installment payments of delinquent tax, interest, and penalty.
